

## Get Green with Envy

### More like, get green FROM Envy.

No green-eyed monsters here. Just cold, hard cash. And some other great green prizes!

The best green vegetable around, green beans, will give your prize a little flavor. Kind of like us, when it comes to your event planning, design, and marketing needs...

Winning our "Get Green with Envy" prize package will provide a highlight to your day. And if it doesn't, well... we'll throw in a highlighter so you can do it yourself.

We'll help you clean house, literally, with an environmentally green alternative. *\*Prize is for cleaning solution only. We plan killer events and effective marketing solutions, but we don't do windows.*

Okay, maybe we were wrong. How can we have a tagline contest for a company named "Envy" without a little green-eyed monster in the mix? Help us come up with a great catchphrase, and he's all yours.

If we choose your tagline to represent us, you'll **win \$50.**
